

TryTrade

TryTrade is a **decentralized fantasy trading platform** on Ethereum that allows users to engage in competitive trading leagues.

GROUP 3

Core Features

LEAGUE MANAGEMENT

Effortlessly create or join competitions, and track performance using our user-friendly interface and tools.

STAKING/PRIZE DISTRIBUTION

Engage users by allowing them to stake tokens and earn rewards based on their performance and competition outcomes.

FANTASY TRADING SYSTEM

Experience a unique trading environment where users can trade virtual assets seamlessly and enhance their fantasy experience.

How it works

CONNECT WALLET

Connect your cryptocurrency wallet to **authenticate** and **participate**.

STAKE & JOIN

Stake your ETH tokens to **join** competitions or create your own custom parameters.

MAKE PREDICTIONS

Predict price movements of cryptocurrencies **within competition** timeframe.

WIN REWARDS

Claim your rewards automatically when you **outperform other** participants.

Performance Tracking

REAL-TIME DATA INSIGHTS

Gain **immediate access** to your trading performance.

LEADERBOARD RANKINGS

Stay motivated with **dynamic leaderboards** showcasing top users and their rankings within the league.

HISTORICAL ANALYSIS

Review past performance trends and **gain insights** to enhance your future trading decisions.
